*****Friday March 3--noon; Monday, October 10-noon--Deadline** for requesting supplemental media for unknown culture identification.*** You may request new media not previously used, and will be advised whether it can be provided. All requests must be in writing or by e-mail to your instructor using the subject line : Special Media Request. Please explain why this medium is of value for identification of your unknown. For previously used media, you should indicate why it is necessary for you to repeat the test now if you did not repeat a test immediately after first reading the results. It may take 3-4 days to get these media prepared. Forgetting to come in to read test results is NOT a valid reason to request more media. **HINT:** Request media sooner than this date to permit more time to apply those results.
